\* Pending = First Nations that have submitted BCR's requesting to be Scheduled to the FNFA .

# INFORMATION ON LIQUIDITY AND COVERAGE RATIOS

---

## Liquidity:

**FNFA** is not a traditional lending institution, in the sense that **FNFA** does not gather deposits to create adequate capital. Instead, the Act creates capital liquidity in a very strong and stable method tied directly to **FNFA**'s lending processes (e.g., interception of full revenue streams supporting each loan service) and through several reserve funds that provide protection for the bond investors.

**FNFA**'s strengths under the Act create enormous capital access, and are backed by Federal and Provincial revenue agreements, but is a different looking capital than some of the peers we are marked against in a financial analysis:

1. The Act authorizes full intervention (i.e., acting in place of Council) to all Members' Other Revenues (approx. \$1,621 Million net of Canada program funding) and more importantly Operating Surpluses (i.e., free cash of \$412 Million in 2020/21 audited statements). This is all versus an annual **FNFA** interest obligation of \$56.9 Million. This intervention capital is not in our "vault", but Federal Legislation gives us unimpeded access at our choosing and would only occur upon a Member's default on its loan obligations to **FNFA**, or if **FNFA** suspected a default was imminent. To date, **FNFA** has not experienced any loan service problems.
2. These Other Revenues and Operating Surpluses are stable and long term as approximately 77% are derived from Federal or Provincial revenue agreements.
3. Reserve Funds: The Debt Reserve Fund (DRF) has \$99.54 million. **FNFA** withholds 5% of each new loan (returned to the Member when their loan is fully repaid), which exceeds current annual debenture interest rates, and is the first line of defense ensuring full payment of **FNFA**'s interest obligations. A second reserve fund is our CEF, (Credit Enhancement Fund) which backstops the DRF, with a value of \$53.16 Million. This reserve was Federally funded.
4. In the 2021/2022 Federal Budget, under a contract with Canada the **FNFA** received \$32.5 million for a Contingency Fund whose purpose is to provide zero interest loans to **FNFA** members. These loans are to ensure each Member's loan service payments are made in full, protecting the debenture holders. Members are eligible if a senior government action, such as regulations around a future pandemic or economic shock, impacts multiple First Nations revenue streams.
5. The number of **FNFA** members is 151 with 84 accessing loans. Diversification is strong over 9 Provinces and 1 Territory.
6. Revenue intercepted is from existing Federal and Provincial sharing Agreements, not future "what if" scenarios. Revenues interception is established as directed under the Act.

## Coverage Ratios:

Funds	Item amount (\$M)	Coverage Ratio
Intercepted Revenues to support Debentures.	\$220.1	DCR = 2.22 ICR = 3.87
Debt Reserve Fund (DRF) (5% withheld of each new loan).	\$99.5	DCR = 1.01 ICR = 1.76
Credit Enhancement Fund (monies given to FNFA by Federal Government to backstop the DRF).	\$53.2	DCR = 0.54 ICR = 0.94
FNFA Members' Operating Surpluses (members' free cash flows that will not impact operations or programs).	\$412.0	DCR = 4.18 ICR = 7.30
FNFA Members' Operating Revenues (Members' own source revenues i.e. (not from Canada) that are available to FNFA under the Act.	\$1,620.8	DCR = 16.44 ICR = 28.73
Annual P&I Payments	\$99.1	
FNFA Interest Obligation	\$56.9	

*Debt Coverage Ratio (DCR) = Funds / Annual P&I Payments*

*Interest Coverage Ratio (ICR) = Funds / FNFA Interest Obligation*

# FREQUENTLY ASKED QUESTIONS

## Who Governs the FNFA?

The **FNFA** was created by First Nations Chiefs and Councillors with its purpose to establish a borrowing capacity for each First Nation, and then let each community access low-rate loans when needed. FNFA's operating policies are set by the **FNFA's** Board of Directors (elected annually from amongst its membership), while investor safeguards are outlined in our Act and Regulations.

To date 321 communities have voluntarily joined to our Act, representing all 10 provinces and 1 territory. **FNFA's** Members annually elect a Board of Directors. The Board for 2022/23 is:

**Chair — Chief Warren Tabobondung, Wasauksing First Nation (ON)**

**Deputy Chair — Chief Derek Epp, Tzeachten First Nation (BC)**

**Director — Chief Kyra Wilson, Long Plain First Nation (MB)**

**Director — Chief Ross Perley, Tobique First Nation (NB)**

**Director — Councillor Christianne Jerome-Bernard, Micmacs of Gesgapegiag (QC)**

**Director — Councillor Dawn Styran, Leq'á:mel First Nation (BC)**

**Director — Councillor Michael Paul, Acadia First Nation (NS)**

**Director — Councillor Patrick Courtois, Première Nation des Pekuakamiulnuatsh (QC)**

**Director — Councillor Ryan Little John, O'Chiese First Nation (AB)**

**Director — Councillor Steven Johnston, Mistawasis Nêhiyawak (SK)**

**Director — Councillor Veronica McGinnis, Osoyoos Indian Band (BC)**

## Why Borrow from the FNFA?

The Chiefs and Councillors who founded the **FNFA** helped establish a path to raise financing from the same place that other levels of government and the Banks get their monies—from the Capital Markets. **FNFA** is not-for-profit, and has three investment-grade credit ratings which ensures consistent capital markets access to meet its member's requirements. **FNFA's** last debenture had a fixed-rate only 8 basis points above what the Province of Ontario pays.

## Can a First Nation borrow from both FNFA and from the Bank used for operational activities?

Yes. We have a number of borrowing members who access **FNFA** loans for some community priorities, and access Bank loans for other purposes. To protect the First Nation, **FNFA** and the Bank sign an Intercreditor Agreement that outlines the security standing behind each loan.

## Do you have to borrow the full amount under FNFA's Borrowing Calculation?

No. This Borrowing Calculation establishes what each **FNFA** member can borrow based upon its existing revenue sources. It is up to Chief and Council to decide if none, some, or all of that amount is to be borrowed.

## Does FNFA charge fees for memberships or loans?

No, since FNFA's members are also its governors no fees are charged.

## What Act does FNFA operate under?

Are you aware that **FNFA** operates under 2 Acts. 98% of **FNFA**'s members operate under the "Financing Secured by Other Revenues Regulations"; the other 2% that operate a property tax regime and utilize the "First Nations Fiscal Management Act".

A property tax regime is completely voluntary and relates to First Nations that don't tax their own members but do tax businesses that have set up operations on the First Nation's lands, and to those non-community members that have houses or cottages on the First Nation's lands.

## What projects are eligible for FNFA loans?

**FNFA** loans are wide in scope: refinancing higher rate loans, infrastructure, housing, economic opportunities, social projects, land purchases, water systems, etc.

## Can someone from FNFA visit our Community?

Absolutely. We have dedicated staff that regularly travel to communities. Contact our office, request a presentation through our website or connect with one of our Business Development team members at 250.768.5253.

OUR MISSION IS TO HELP FIRST NATION COMMUNITIES BUILD THEIR OWN FUTURES  
ON THEIR OWN TERMS AT THE BEST RATES

OUR MANDATE AS SET OUT IN THE FIRST NATIONS FISCAL MANAGEMENT ACT AND  
RELATED REGULATIONS, IS TO PROVIDE FINANCING, INVESTMENT, AND ADVISORY  
SERVICES FOR THOSE FIRST NATION GOVERNMENTS ACROSS CANADA THAT  
VOLUNTARY SCHEDULE TO OUR ACT.

---

## How we operate

### Legal Authority:

Created under the First Nations Fiscal Management Act with all-party support in 2006, and adapted by the Financing Secured by Other Revenues Regulations in 2011, **FNFA** is a non-profit financial lender to First Nations Governments.

### First Nations Representation:

**FNFA's** Board of Directors is elected annually from the Chiefs and Councillors that make up **FNFA's** borrowing membership.

### Mandate Areas:

- Long-term, fixed rate financing with repayment terms up to 30 years;
- Short-term bridge finance requiring monthly interest payments; and
- Investment Services.

# ENVIRONMENTAL, SUSTAINABLE & GOVERNANCE STANDARDS (ESG)

The Sustainable Development Goals (SDG) were introduced by the United Nations in 2015. This has permeated the financial markets through many investors choosing that a portion of their investment portfolio is held in securities that represent these goals. In the finance world ESG (Environmental, Social and Governance) is the umbrella that these types of investments fit under. We have seen increased requests from investors for more information on projects FNFA finances to determine if FNFA fits within their ESG categories under their investment policies.

FNFA's bonds fit entirely into these SDG and ESG categories as members' projects focus on communities (social), green energy projects (environmental) and administrative (governance). As investor requirements for this type of information increase, we have worked this year with our banking syndicate to categorize all our loans into ESG and SDG categories and provide this information ahead of our bond issuances.

*\*MEMBERS OF FNFA HAVE 35% ELECTED OFFICIALS THAT ARE FEMALE VS. 30.2% ELECTED MEMBERS OF PARLIAMENT AND 19.4% OF LOCAL GOVERNMENT MAYORS THAT ARE FEMALE.*
